

A wonderful place to be and work

MEDICROSS ACCIDENT & MEDICAL CLINIC, NEW ZEALAND

Join a team with passion for delivering top notch health care.

MediCross, located near the windwand (www.windwand.co.nz) in downtown New Plymouth, is an active family and Accident and Medical Centre, open 7 days with extended hours. As a Level 2 Accident Compensation Corporation (ACC) accredited Accident and Medical Centre, it provides urgent care alongside regular family healthcare, and has achieved 'Cornerstone' practice accreditation with the Royal New Zealand College of GPs (RNZCGP).

MediCross offers patients a wide range of services; general practice, accident and sports injury, minor surgery, functional medicine, and urgent care. A dispensing pharmacy, physiotherapist, and x-ray are on site. Patients see the doctor either through pre-arranged appointments or on a walk-in basis. Practice nurses also run a number of chronic care clinics. Excellent continuity of care is important to all clinic staff.

Surf and ski all in one day!

Imagine a morning walk along New Plymouth's famous beach side boardwalk, stopping off for a latte and a scone at a local café deciding the best way to spend your day - surfing or skiing or both!

New Plymouth is located on the west coast of the North Island of New Zealand. New Plymouth is emerging as a destination of choice by offering many work-life balance advantages. Outdoor pursuits, culture, arts, sports, events, good education, affordable housing... you name it and the Taranaki has it!

Visit www.taranaki.co.nz & www.bowl.co.nz & www.womad.co.nz for more.

Mount Taranaki is a huge conical shaped volcano, which dominates the landscape. In the cooler months the mountain turns into a skiing winter wonderland while in summer it is ideal for hiking. One of the best walks in the park is a 4 hour walk to Fanthams Peak. There is a hut at the top, Symes Hut, where you can stay overnight.

ON OFFER:

MediCross is looking for an enthusiastic registered General Practitioner / Accident and Medical Consultant sharing their commitment to providing a quality medical service to the New Plymouth community. Competitive remuneration is on offer for an excellent communicator with a 'cool head' in emergencies.
